

Individual reflection week 2 - Norbert Laszlo

What do I want to learn or understand better?

- **A:** Today i don't know much about app development.
- **B:** I would like to know how to get started with android studio and how to set up a project with gradle.
- **A→B:** Research the subject and follow a tutorial to learn how to achieve the goals mentioned B.

How can I help someone else, or the entire team, to learn something new?

- **A:** Today none of us are experienced with app development but do poses all the knowledge needed to learn how to.
- **B:** To be comfortable with the environment of android studio and app development in broad.
- **A→B:** Teach myself the things needed for this project so that I can help the other members when needed

What is my contribution towards the team's use of Scrum?

- **A:** We know scrum in theory but haven't used it in practise
- **B:** Have a well working project structure based on scrum.
- **A→B:** Have a meeting specifically about scrum with the team so that we make sure we start of on the right foot.

What is my contribution towards the team's deliveries?

- **A:** To deliver
- **B:** To have been delivered
- **A→B:** Deliver
