

Individual reflection week 6 - Norbert Laszlo

What do I want to learn or understand better?

- **A:** I want to learn to say no.
- **B:** To be able to prioritize better
- **A→B:** Sometimes say no when help is needed so that I can focus on more prioritized tasks.

How can I help someone else, or the entire team, to learn something new?

- **A:** Don't just help a team member in need of help but also help them understand the problem.
- **B:** To be more pedagogical.
- **A→B:** Don't just help solve other team members problems, help them by hints for a more efficient team performance.

What is my contribution towards the team's use of Scrum?

- **A:** We have to change and improve our user story planning for each sprint.
- **B:** To have changed our strategy of working with user stories.
- **A→B:** Have a discussion about this in our next sprint planning session.

What is my contribution towards the team's deliveries?

- **A:** Some parts of the app have been constructed in a bad manner for future sprints.
- **B:** Have a better overview of the app so that we don't create future problems with bad solutions that works for the time being.
- **A→B:** Be more engaged in the planning which in the long run will save us time and make our work more efficient.
